Document Overview

This document covers functional, UI/UX, performance, security, and accessibility test cases for the Soch Fact Check website. Soch Fact Check is Pakistan's only IFCN-signatory fact-checking platform, covering misinformation in politics, culture, science, education, and more.

Modules covered in this document:

- 1. Navigation & Header
- 2. Homepage – Featured Articles
- 3. Search Functionality
- 4. Article / Fact-Check Page
- 5. Category Pages
- 6. Submit / Contact Page
- 7. Methodology Page
- 8. About Us Page
- 9. Performance & Security
- 10. Accessibility

---

1. Navigation & Header

TC-ART -015	Print / PDF Readability	Use browser Print on an article	Article prints cleanly without nav/footer clutter	Low	Verified

5. Category Pages

TC ID	Test Case Name	Test Steps	Expected Result	Priority	Status
TC-CAT -001	Category Page Loads	Navigate to Politics category	Lists all articles tagged Politics	High	Verified

TC ID	Test Case Name	Test Steps	Expected Result	Priority	Status
TC-CAT -002	Pagination – Next Page	Click 'Next' or page 2 on category page	Shows next set of articles	High	Verified
TC-CAT -003	Pagination – Previous Page	From page 2, click 'Previous'	Returns to page 1 correctly	Medium	Verified
TC-CAT -004	Article Count Per Page	Check articles per page	Consistent number of articles displayed per page	Low	Verified
TC-CAT -005	Category Articles Click	Click article in category listing	Opens full article page	High	Verified
TC-CAT -006	Empty Category	Navigate to a category with no articles	Shows a graceful empty state, not a crash	Medium	Not such article
TC-CAT -007	Urdu Category Page	Click اردو in nav	Displays Urdu-language articles correctly with RTL text	High	Verified
TC-CAT -008	Urdu RTL Layout	Open Urdu category page on mobile	RTL text renders without overlap or cut-off	High	Verified

6. Submit / Contact Page

TC ID	Test Case Name	Test Steps	Expected Result	Priority	Status
TC-SU B-001	Submit Page Loads	Click 'Contact' in navbar	Submit/contact page loads correctly	High	Verified
TC-SU B-002	Form Fields Present	Check submit form	Name, email, claim/message fields visible	High	Verified
TC-SU B-003	Submit with All Valid Data	Fill all fields correctly and submit	Form submits with a success confirmation message	High	Verified
TC-SU B-004	Submit with Empty Fields	Leave required fields blank and submit	Validation errors shown for required fields	High	Verified
TC-SU B-005	Invalid Email Format	Enter 'notanemail' in email field and submit	Error message: invalid email format	High	Verified
TC-SU B-006	Very Long Text Input	Paste 5000+ chars in message field	Field handles gracefully, no crash or layout break	Medium	Verified
TC-SU B-007	Special Characters in Fields	Enter '<script>alert(1)</script>' in fields	XSS is not executed; input is sanitized	High	Verified
TC-SU B-008	CAPTCHA or Spam Prevention	Check if form has CAPTCHA or honeypot	Bot submissions are blocked	High	Not Captcha is Form
TC-SU B-009	Form Reset	Fill form then refresh page	Form data is cleared after refresh	Low	Verified

7. Methodology Page

TC ID	Test Case Name	Test Steps	Expected Result	Priority	Status
TC-METH-001	Methodology Page Loads	Click Methodology in nav	Page loads with methodology content	Medium	Verified
TC-METH-002	Corrections List Link	Click 'corrections' hyperlink on methodology page	Opens corrections page	Medium	Verified
TC-METH-003	IFCN Complaints Link	Click IFCN complaints link	Opens IFCN complaints page	Low	Verified
TC-METH-004	Appeals Email Link	Click appeals@factcheck.com email link	Opens email client with correct address pre-filled	Low	Verified
TC-METH-005	Content Accuracy	Read methodology page content	All steps (claim selection, verification, corrections) are described clearly	Low	Verified

8. About Us Page

TC ID	Test Case Name	Test Steps	Expected Result	Priority	Status
TC-ABOUT-001	About Page Loads	Click About > About Us	Page loads with team/organization information	Medium	Verified
TC-ABOUT-002	About Page Content	Review About Us content	Organization mission, team info present	Low	Verified
TC-ABOUT-003	Social/External Links on About	Click any external link on About page	Opens correct external URL	Low	Verified

9. Performance & Security

TC ID	Test Case Name	Test Steps	Expected Result	Priority	Status
TC-PERF-001	HTTPS Enforcement	Load http://sochfactcheck.com	Redirects to HTTPS automatically	High	Verified
TC-PERF-002	SSL Certificate Valid	Check padlock in browser	SSL certificate is valid and not expired	High	Verified
TC-PERF-003	Homepage Load Time	Measure page load with network tools	Page loads in under 5 seconds on broadband	High	Verified
TC-PERF-004	Mobile Page Speed	Test on 4G mobile connection	Pages load acceptably fast (under 8 seconds)	High	Verified

TC ID	Test Case Name	Test Steps	Expected Result	Priority	Status
TC-PE RF-005	Broken Images	Browse multiple pages	No broken image placeholders found	Medium	Verified
TC-PE RF-006	Broken Links	Click all major nav and footer links	No 404 or dead links in navigation	High	Verified
TC-PE RF-007	JavaScript Errors	Open browser console while browsing	No critical JS errors in the console	High	Verified
TC-PE RF-008	Cross-Browser – Chrome	Open site in Chrome	Site renders and functions correctly	High	Verified
TC-PE RF-009	Cross-Browser – Firefox	Open site in Firefox	Site renders and functions correctly	High	Verified
TC-PE RF-010	Cross-Browser – Safari	Open site in Safari (macOS or iOS)	Site renders and functions correctly	High	Verified
TC-PE RF-011	SQL Injection via URL	Append ?id=1' OR '1'='1 to URLs	Site does not expose DB errors	High	Site is exposing
TC-PE RF-012	Favicon Present	Check browser tab	Soch Fact Check favicon appears correctly	Low	Verified
TC-PE RF-013	SEO – Page Titles	Check <title> tags via browser	Each page has unique, descriptive title tags	Medium	Partial pass -> reason mentioned at the end of doc
TC-PE RF-014	404 Page	Visit a non-existent page URL	Custom 404 page displayed, not server error	Medium	Not available

10. Accessibility

TC ID	Test Case Name	Test Steps	Expected Result	Priority	Status
TC-A11Y-001	Keyboard Navigation	Tab through homepage without mouse	All interactive elements focusable in logical order	High	Verified
TC-A11Y-002	Alt Text on Images	Inspect article images	All images have descriptive alt text	High	Failed
TC-A11Y-003	Color Contrast	Check text/background contrast	Text meets WCAG AA contrast ratio (4.5:1 min)	Medium	Verified
TC-A11Y-004	Font Readability	Check body text size	Body text is at least 14px for readability	Medium	Verified
TC-A11Y-005	Zoom to 200%	Browser zoom to 200%	No horizontal scroll; content remains usable	Medium	Verified

Test Summary

Total test cases by module:

Module	Test Case Count
1. Navigation & Header	15
2. Homepage – Featured Articles	13
3. Search Functionality	9
4. Article / Fact-Check Page	15
5. Category Pages	8
6. Submit / Contact Page	9
7. Methodology Page	5
8. About Us Page	3
9. Performance & Security	14
10. Accessibility	5
TOTAL	96

TC-PE RF-013

⚠️ PARTIAL PASS

Page	<title> Tag	Unique?	Descriptive?	Status
Homepage	Home - Soch Fact Check	✅	⚠️ Generic	Partial
About Us	Soch Fact Check	❌	❌ No page name	Fail
Methodology	Methodology - Soch Fact Check	✅	✅	Pass
Submit/Contact	Submit - Soch Fact Check	✅	✅	Pass
Politics Category	Politics Archives - Soch Fact Check	✅	✅	Pass
Article page	Video of Shashi Tharoor praising Pakistan… - Soch Fact Check	✅	✅	Pass

---

Key Findings:

- **Article pages** have excellent, fully descriptive and unique titles — the full article headline is used.

- **Category and static pages** (Methodology, Submit, Politics) are properly titled.
- **The About Us page** is the main failure — its title is just `Soch Fact Check` with no page identifier, making it indistinguishable from the homepage in browser tabs and search results.
- **Homepage** uses `Home - Soch Fact Check` which is acceptable but could be more descriptive (e.g. *"Soch Fact Check | Pakistan's Fact-Checking Platform"*).

Overall TC-PERF-013 Verdict: FAIL — due to the About Us page missing a descriptive title tag.
